upon receipt of that reportFor two-letter codes and other abbreviations, refer to the "Guid-  
ance Notes on Codes and Abbreviations" appearing at the begin-  
ning of each regular issue of the PCT Gazette.

(54) Title: NOVELTY ITEM

(57) **Abstract:** A spinning top has a body (1) and a stem (2), whereby the stem (2) is movable between a first position in which it lies substantially parallel to the body (1) and a second position in which it extends through an opening (5) formed in the body (1), in a direction generally perpendicular to the body (1). Preferably, when the stem (2) is in the first position it is carried on or in the body (1).
